Dear Parents,

From Jan 2018, we will be starting a new way of delivering dental treatment services at Canossa Convent Primary School dental clinic. Since the school has a low student enrolment, a Roving Dental Team will be arranged to provide dental services for pupils, while improving service productivity.

The school's dental clinic will be open from 2 January to 31 March 2018 (subject to change).

Opening hours will be:

- Monday to Thursday : 8am – 5.30pm
- Friday : 8am – 5pm

During this period, dental screening, oral health education and treatment will be given to the pupils.

Outside the above period, the clinic will be closed. During this time, please contact buddy clinics at nearby primary schools for dental treatment (fillings, cleaning and extractions) - see list:

List of buddy clinics
